EMPOWERMENT PROGRAM

FOR HIGH SCHOOL

ABOUT THE PROGRAM

The R1YC Vocational & Trade Skills Training Program is a one-year, hands-on learning journey designed to prepare young people for life, work, and leadership.

It combines practical trade skills, entrepreneurship, and personal growth so every participant leaves empowered, skilled, and ready to create their own opportunities.

WHY WE DO WHAT WE DO

Too many students complete school without clear plans for their future. Some are not financially equipped for college or feel college is not a good fit for them; others just need a different path that lets them learn, earn, and grow.

- Early exposure to real careers.
- Strengthen confidence and life skills alongside trade mastery.
- Help students discover what they love before confusion sets in.
- Teach self-reliance through creativity, innovation, and mentorship.
